AGENDA

Regulation 85 - Cooling Towers Subgroup Meeting

Details

Date: Friday, December 9, 2016 | 8:30 - 10:30 am

Location: CDPHE Room B2E

Purpose

The purpose of the Regulation 85 cooling tower subgroup meeting is to discuss potential changes to the regulation before for the scheduled rulemaking in October 2017. This meeting is focused on whether it is necessary to control nutrient loadings from cooling towers through imposition of numeric effluent limits or implementation of best management practices.

Agenda

1. Introductions and review agenda
2. Review scope of rulemaking
3. Review Regulation 85 statement of basis and purpose
4. Cooling towers data summary and questions
5. Options for RMH
6. Next meeting, if needed
